YOSHI Touch & Go

INSTRUCTION BOOKLET

EmuMovies

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Eye or muscle twitching

Loss of awareness

Altered vision

Involuntary movements

Disorientation

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

The official seal is your assurance that this product is licensed or manufactured by Nintendo. Always look for this seal when buying video game systems, accessories, games and related products.

Nintendo does not license the sale or use of products without the Official Nintendo Seal.

THIS GAME CARD WILL WORK ONLY WITH THE NINTENDO DS™ VIDEO GAME SYSTEM.

Wireless DS
Single-Card
Download Play

THIS GAME ALLOWS WIRELESS MULTIPLAYER GAMES DOWNLOADED FROM ONE GAME CARD.

Top Screen

Touch Screen

Story

A lone stork flies hastily through the darkened pre-dawn skies. Held firmly in its beak is a very special package: a pair of newborn twins, which the stork is hurrying to deliver to their parents!

Just as the stork races through the skies over Yoshi's Island, **something terrible happens!** A dark shadow rushes toward the stork with tremendous speed and crashes into it! The startled stork drops the twin babies...

Help the falling Baby Mario land on Yoshi's back, then help Yoshi return the babies to the stork. **Try to earn as many points as you can as quickly as possible.** Master the touch-action in this game and try to set new records!

6

Getting Started

Confirm that your Nintendo DS is turned off and insert the Yoshi Touch & Go Game Card. Turn the **POWER** on and tap the Touch Screen after the Nintendo DS start-up screen appears. Then touch the Yoshi Touch & Go panel to start the game.

By setting your Nintendo DS system to auto start-up, you can shorten this process. For more information, refer to page 20 in your Nintendo DS Instruction Booklet.

Main Menu

When the game begins, the title screen will appear on the Top Screen. The **main menu** will appear on the **Touch Screen**. Touch any icon on the main menu to choose that mode.

7

Controls

All in-game action in Yoshi Touch & Go is performed using the stylus and the Touch Screen. Refer to pages 10 and 11 of this manual and the in-game demo prior to playing the game for the first time. You can also refer to this manual for information on button and microphone controls.

Use the stylus included with your Nintendo DS for Touch Screen control in this game.

Blow away all the clouds you've drawn by blowing into the microphone.

You can adjust mic sensitivity or turn the mic off from the Options menu.

8

SELECT + START + L + R

Nintendo

Simultaneously press and hold these buttons to access the screen on the right.

START

Press START to pause the game and access the pause menu. (See page 14.)

See pages 10 and 11 for information on touch control with the stylus. Also, check the game demo (accessible from the main menu).

Main Menu

Touch the Demo icon on the main menu to watch a brief game-play demonstration.

If you close your Nintendo DS during game play, the system will automatically enter Sleep Mode. (In Sleep Mode, the LCD screen display is turned off to conserve battery life.) To resume your game, simply open your Nintendo DS again to wake it up from Sleep Mode.

9

Stylus Touch Action

Use the stylus for all basic controls!

Drawing

Draw Clouds

Draw clouds to create paths. Baby Mario and Yoshi will follow the cloudy paths you create. You can also draw walls of clouds to keep enemies away.

There is a limit to the number of clouds you can draw. As you draw new clouds, the old clouds disappear.

Create Bubbles

Draw cloud circles to create bubbles. Enclose enemies in bubbles to turn them into coins.

To throw bubbles, touch them with the stylus, slide the stylus in the direction you want to throw the bubble, then lift your stylus from the screen.

About Yoshi

You can perform a variety of different actions just by touching the screen.

Jump

When you touch Yoshi, he jumps. Each time you touch Yoshi while he is jumping, he will do a flutter-kick jump.

Throw Eggs

Touch the screen to throw an egg at the spot you touched.

Eat Fruit

Whenever a piece of fruit is in front of Yoshi, he will automatically eat it. If you can get fruit into a bubble, you can slide the bubble to Yoshi to get him to eat it.

The Different-Colored Yoshis

The number of points you earn while Baby Mario falls will determine which Yoshi picks up baby Mario. The Yoshis travel at different speeds and can carry different numbers of eggs.

Game Basics

Each game mode features two areas: a **sky area** and a **ground area**. You'll start by playing through the **sky area** and then continue on to the **ground area**. Below you'll find game-play basics that apply to all modes.

Sky Areas (Vertically Scrolling)

In the **sky areas**, your objective is to guide Baby Mario as he falls and safely land him on the ground. **Draw clouds around enemies to turn them into bubbles and prevent them from popping Baby Mario's balloons.**

This shows the number of points you've earned in the **sky area**. The color of the Yoshi that catches Baby Mario varies based on how many points you've scored.

This is where the main objective of each mode will appear (such as distance or time).

Baby Mario's Balloons

Three balloons keep Baby Mario from crashing to the ground. Each time Baby Mario gets hit by an enemy, one balloon will pop. **If all three pop, your game ends.** Pay close attention to how many balloons you have left.

Yoshi's Color

Score

Ground Areas (Side-Scrolling)

In the **ground areas**, Yoshi is always moving toward his goal. Just like in the **sky areas**, you can slide the stylus across the screen to draw clouds and create paths for Yoshi. In the **ground areas**, though, **if an enemy hits Yoshi even once, your game is over.**

You can change the direction Yoshi walks on the Options screen. See page 22.

Current Eggs / Max Eggs

Yoshi can't throw eggs once he runs out. Yoshi can increase the number of eggs in his arsenal by eating fruit.

The information displayed here changes in each mode. See pages 15–18 for details.

Try to get the highest score!

The Pause Menu

Press START during a game to pause the game and view the pause menu. Touch the screen to choose menu options.

- Continue** Continue playing the game.
- Midpoint** Start playing from the start of the ground area.
- Restart** Start playing from the beginning of the sky area.
- Options** View the Options menu.
- Quit** Quit playing and return to the title screen.

You cannot change Yoshi's direction from the pause menu options screen. (See page 22.)

Results Screen

Each mode has its own results screen that appears after you finish playing a game. If your score is high enough to be recorded in the rankings, you can choose an icon to represent you in the rankings. Just touch the icon you like to choose it. Afterwards, you can restart from the beginning, continue from the midpoint, or quit and choose another mode.

Touch the arrows to choose a different set of icons.

Mode Explanations

Score Attack

The objective in this mode is to score as many points as you can. If you've earned enough points between the start of the game and the end of the ground area, your score will be saved in the rankings.

- Remaining Eggs** Your current points.
- Score** The distance to the end.
- Distance**

Here's the Goal!

The flower field where the stork waits marks the end of Score Attack mode.

How to Earn Points

Collect the coins in the level to earn points. The point values of coins vary depending on their colors. You can also increase your score by hitting enemies with eggs.

Marathon

The objective of Marathon mode is to try to get as far through the ground area as you can. Your score will be the distance you've traveled since the start of the game. Unlike Score Attack mode, Marathon mode never ends.

Remaining Eggs

Score

The distance you've traveled.

Points

Your current points.

Note: For each 100 points you earn, a Super Star will appear. (See p. 24.) Your points then return to zero.

The 1000-Yards Relay

Every 1,000 yards a new Yoshi will be waiting to carry Baby Mario through the next level. Yoshi's abilities change depending on his color.

Best Score Marking

Flags will appear in the level marking both the highest scores and the last point you made it to. Your objective should be to get past these flags.

Time Attack

In Time Attack mode, your objective is to rescue Baby Luigi from the Toadies as quickly as possible. Your score is based on the time it takes you to do so. Save Baby Luigi before the Toadies reach the end of the ground area.

Remaining Eggs

Score

Your current time.

Distance

Distance remaining until the end.

Rescuing Baby Luigi

You must hit each of the Toadies with eggs several times in order to knock them away from Baby Luigi. Once you've knocked a Toady away, you must hit it once more with an egg to defeat it. Keep repeating this process until you've freed Baby Luigi.

You can access the Time Attack mode once you've earned the highest score in Score Attack mode.

Challenge

Challenge mode challenges you to get as far through the ground area as you can within a set time limit. When time runs out, Kamek attacks. Like Marathon mode, there is no end to the level, and like Marathon mode, flags appear marking the high score and your last score. Your objective is to make it farther than these flags. Your score is based on the distance you've traveled.

Remaining Eggs

Timer

Remaining time.

Score

The distance you've traveled.

Getting a High Score

The points you earn for collecting coins and defeating enemies are added on to your timer. Rather than simply trying to go as far as you can, you'll need to earn as many points as you can to give yourself more time.

Challenge mode can be accessed after you've earned the highest score in Marathon mode.

Vs. Battle

Two players can play against each other via DS Download Play with just two Nintendo DS systems and a single Yoshi Touch & Go Game Card.

Preparing for Battle (Host System)

Touch the Vs. option on the main menu and wait as your Nintendo DS searches for your opponent.

Once your opponent has chosen to enter the match, the screen on the right will appear. After confirming you have the right opponent, touch the word "Yes".

The host system will send game data to the guest system. It may take up to 60 seconds to transfer data. Depending on linking conditions it may take longer.

Let the battle begin!
See page 20.

Preparing for Battle (Guest System)

On the Nintendo DS system menu, choose DS Download Play and wait until the game you want to join appears.

Touch the panel of the Yoshi Touch & Go opponent you want to play against.

If a communication error occurs while playing, follow any instructions that appear on-screen.

Viewing the Vs. Screen

Remaining Eggs

Your own character is displayed on the Touch Screen. As with all ground areas, you control your character using touch action on the Touch Screen.

Distance to the Goal

Your opponent and his or her information is displayed on the Top Screen.

The host player plays as Baby Mario. The guest player plays as Baby Luigi.

Vs. Rules

The first player to reach the goal wins. If you get hit by an enemy or fall into a hole, you lose.

Hit enemies with eggs to defeat them. If you defeat three or more enemies with a single egg, enemies will appear in your opponent's path.

The Results Screen

Once the victor has been determined, a screen like the one on the right will appear. Choose continue to play against your opponent again.

You cannot save your win/loss record.

Rankings and Saving

Rankings

If after playing any mode your score ranks among the highest scored in that mode, your score will be saved in the rankings list. You can also check the rankings for all modes at any time from the main menu.

Currently Selected Mode

Date the score was earned and the color of the Yoshi the score was earned with.

Touch any mode name to check the highest scores for that mode.

Touch this icon to erase all scores for the selected mode. Once scores have been erased, they can never be recovered.

Return to the Main Menu

Options

The Options screen is where you go to change game settings. Touch  and  to adjust settings for any option.

[Return to the main menu](#)

Sound Set audio output to surround, stereo, or headphones.

Backlight Turn the backlight on or off.

Mic Sensitivity Set microphone sensitivity or turn the microphone off

Yoshi's Direction Change the direction Yoshi runs in. Left-handed players may want to try playing with Yoshi running from right to left.

Turn this function on to receive an audio or visual cue indicating when other Nintendo DS players are PictoChatting nearby. See page 23 for details.

Saving

Yoshi Touch & Go features an auto-save feature. Your high scores, the dates you earned them on, and the icons you've chosen for them will be saved automatically, as will option settings. (**Note:** Backlight and PictoChat option settings will not be saved.)

When the screens on the right are displayed, press and hold **(A) + (B) + (Y) + (Y) + (R) + (L)** to erase all saved data. Note that once data is erased, it cannot be recovered.

PictoChat Search

Your Yoshi Touch & Go game can search for nearby occupied PictoChat chat rooms and notify you if one is nearby—even while you're playing the game! This feature functions in all modes except Vs.

To use this function, you must go to the Options screen and turn the PictoChat search option on. PictoChat search still functions when you close your DS and activate Sleep Mode, resulting in more battery consumption than standard Sleep Mode.

Touch the Chat Icon

PICTOCHAT

If you're playing Yoshi Touch & Go when PictoChatters are nearby...

 will appear in the upper-left corner of the Touch Screen. Touch the  to join PictoChat.

Joining PictoChat

After touching the , tap the word "Yes" if you'd like to join the PictoChat session. Choosing "Yes" will power-off your Nintendo DS, and you will not be able to resume the game of Yoshi Touch & Go that you were playing. Tap the word "No" to continue playing your game.

After your Nintendo DS has powered-off, you will need to turn the power on again and choose PictoChat from the system menu. Note that in some cases a PictoChat session may end in the time it takes to power-off your Nintendo DS and turn it back on to start PictoChat.

Items

Get items by guiding Baby Mario into them or hitting them with one of Yoshi's eggs. The only way to get fruit, though, is to get it in front of Yoshi so he can eat it.

- COINS**
-  Yellow Coins (1 point)
 -  Blue Coins (2 points)
 -  Red Coins (4 points)
- OTHERS**
-  POW Block (Destroys all on-screen enemies.)
 -  Super Star (Become Super Baby for a while.)

- FRUIT**
-  Apple (1 egg)
 -  Banana (3 eggs)
 -  Watermelon (5 eggs)
 -  Grapes (10 eggs)
 -  Melon (20 eggs)

Super Baby

Whenever you get a Super Star, Baby Mario becomes Super Baby and is invincible for a while. Super Baby moves very quickly, and in the ground area he can shoot an unlimited number of stars.

Enemies

You can defeat enemies by drawing clouds around them to trap them in bubbles or by hitting them with one of Yoshi's eggs.

Blusty

These creatures fly across the screen at varying speeds.

Shy Guy

Shy Guys walk along the ground until they encounter a hole blocking their path—then they turn around.

Brier

These critters don't move, but because they are covered in spikes, they can't be trapped in bubbles. Hitting them with eggs is the only way to defeat them.

Gusty

These creatures mull about in one place. Watch their movements carefully before trying to defeat them.

Toady

These little pests always home in on Yoshi and Baby Mario. Keep an eye out for them, because they're pesky and persistent.

Fly Guy

These propeller-enhanced Shy Guys patrol the skies. They come in different colors, with different movements to match.

Spiked Fun Guy

Hit this little guy with an egg to send him rolling backward along the ground. Knock him into other enemies to defeat him.

Look for other enemies besides these!

Q&A

Q Sometimes when I hit fruit or enemies with eggs a starburst with a number appears. What is this?

A This shows how many enemies or objects you hit with a single egg. When one of these appears, you earn bonus points.

Q How do I defeat Kamek when he appears in Challenge mode?

A Kamek appears when time runs out, and there is no way to defeat him. Pay attention to the timer and try to make sure he doesn't appear.

Q In some modes I can draw clouds of a different color. What do these clouds do?

A The different colored clouds in Vs. and Challenge modes allow Yoshi to walk faster when he walks on them.

Important Legal Information

REV-D

Copying of any video game for any Nintendo system is illegal and is strictly prohibited by domestic and international intellectual property laws. "Back-up" or "archival" copies are not authorized and are not necessary to protect your software. Violators will be prosecuted.

This video game is not designed for use with any unauthorized copying device or any unlicensed accessory. Use of any such device will invalidate your Nintendo product warranty. Nintendo (and/or any Nintendo licensee or distributor) is not responsible for any damage or loss caused by the use of any such device. If use of such device causes your game to stop operating, disconnect the device carefully to avoid damage and resume normal game play.

If your game ceases to operate and you have no device attached to it, please contact Nintendo Customer Service (see below).

The contents of this notice do not interfere with your statutory rights.

This booklet and other printed materials accompanying this game are protected by domestic and international intellectual property laws.

For further information or assistance, please contact:

Nintendo Consumer Service

www.nintendo.com

or call 1-800-255-3700

(U.S. and Canada)

Warranty & Service Information

REV-D

You may need only simple instructions to correct a problem with your product. Try our web site at www.nintendo.com or call our Consumer Assistance Hotline at 1-800-255-3700, rather than going to your retailer. Hours of operation are 6 a.m. to 7 p.m., Pacific Time, Monday - Sunday (times subject to change). If the problem cannot be solved with the troubleshooting information available on-line or over the telephone, you will be offered express factory service through Nintendo or referred to the nearest NINTENDO AUTHORIZED REPAIR CENTER. Please do not send any products to Nintendo without contacting us first.

HARDWARE WARRANTY

Nintendo of America Inc. ("Nintendo") warrants to the original purchaser that the hardware product shall be free from defects in material and workmanship for twelve (12) months from the date of purchase. If a defect covered by this warranty occurs during this warranty period, Nintendo or a NINTENDO AUTHORIZED REPAIR CENTER will repair the defective hardware product or component, free of charge. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to Nintendo's satisfaction, that the product was purchased within the last 12 months.

GAME & ACCESSORY WARRANTY

Nintendo warrants to the original purchaser that the product (games and accessories) shall be free from defects in material and workmanship for a period of three (3) months from the date of purchase. If a defect covered by this warranty occurs during this three (3) month warranty period, Nintendo or a NINTENDO AUTHORIZED REPAIR CENTER will repair the defective product, free of charge.

SERVICE AFTER EXPIRATION OF WARRANTY

Please try our web site at www.nintendo.com or call the Consumer Assistance Hotline at 1-800-255-3700 for troubleshooting information and/or referral to the nearest NINTENDO AUTHORIZED REPAIR CENTER. In some instances, it may be necessary for you to ship the complete product, FREIGHT PREPAID AND INSURED FOR LOSS OR DAMAGE, to the nearest service location. Please do not send any products to Nintendo without contacting us first.

WARRANTY LIMITATIONS

THIS WARRANTY SHALL NOT APPLY IF THIS PRODUCT: (a) IS USED WITH PRODUCTS NOT SOLD OR LICENSED BY NINTENDO (INCLUDING, BUT NOT LIMITED TO, NON-LICENSED GAME ENHANCEMENT AND COPIER DEVICES, ADAPTERS, AND POWER SUPPLIES); (b) IS USED FOR COMMERCIAL PURPOSES (INCLUDING RENTAL); (c) IS MODIFIED OR TAMPERED WITH; (d) IS DAMAGED BY NEGLIGENCE, ACCIDENT, UNREASONABLE USE, OR BY OTHER CAUSES UNRELATED TO DEFECTIVE MATERIALS OR WORKMANSHIP; OR (e) HAS HAD THE SERIAL NUMBER ALTERED, DEFACED OR REMOVED.

ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING **WARRANTIES OF MERCHANTABILITY** AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED IN DURATION TO THE WARRANTY PERIODS DESCRIBED ABOVE (12 MONTHS OR 3 MONTHS, AS APPLICABLE). IN NO EVENT SHALL NINTENDO BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY IMPLIED OR EXPRESS WARRANTIES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state or province to province.

Nintendo's address is: Nintendo of America Inc., P.O. Box 957, Redmond, WA 98073-0957 U.S.A.

This warranty is only valid in the United States and Canada.
